NOTICE

1. The report listed below substantially satisfies the basic reporting requirements for this target. Minor changes are included under "Basic Description."

NPIC. [] Al Qahirah Airframe Plant Helwan 36 (Cairo
Airframe Plant Helwan 36) and Cairo Aircraft Engine Plant
Helwan 135, Sep 69 (TOP SECRET [])

BASIC DESCRIPTION

2. Since early 1969, approximately [redacted] feet) of floorspace have been added to the aircraft complex.

3. Two new warehouses (Figure 1, item 1) in area 1 were under construction [redacted] Each flat-roofed building measures [redacted]. Three hangars and two associated shop buildings have been under construction in area 2. One hangar (item 2), first observed under construction on [redacted] was completed by [redacted] It contains two large bays with overall dimensions [redacted] A second hangar (item 3) also observed under construction on [redacted] was still under construction; however, a building has been completed adjacent to the hangar and is interconnected with the hangar, giving a total floorspace of [redacted] square feet). The third and largest assembly hangar (item 4), first observed under construction on [redacted] was completed by [redacted] The hangar is [redacted] and contains [redacted] of floorspace. Two small buildings (items 5 and 6) were in the early stages of construction in the southeast portion of the plant, south of the engine test cell building.
